

The Chemistry Department at Loyola University New Orleans invites applications for a tenure track position in **Organic Chemistry**, beginning August 2009. The successful candidate will demonstrate a strong commitment to undergraduate teaching and conducting research with undergraduates in the general area of organic synthesis. Startup funds will be available. The candidate will be responsible for teaching courses in organic chemistry. In addition, the candidate may have teaching responsibilities in our core curriculum. Loyola University is a highly selective Jesuit liberal arts university with an ACS-accredited department. Applicants should send a curriculum vitae, undergraduate and graduate transcripts (photocopies are acceptable), a description of research, and three letters of reference to **Dr. Kurt Birdwhistell, Search Committee Chair, Chemistry Department, Box 5, Loyola University, New Orleans, LA 70118 (birdwhis@loyno.edu)** by October 3, 2008. Application review will begin immediately and continue until a suitable candidate is identified. *The Department of Chemistry seeks a highly qualified, diverse applicant pool and especially encourages members of underrepresented groups to apply. Loyola is an equal opportunity/affirmative action employer.*
